## Park Hall Academy Performing Arts Students Perform 'Hamlet'

On Monday 16<sup>th</sup> November 2020 our **Sixth Form Performing Arts** students came together to perform in a production of '**Hamlet**', for **The National Shakespeare Schools Festival 2020**.

The audience was small and socially distanced but this did not deter from the fact that the performance was 'outstanding'.

The event was our contribution to The National Shakespeare Schools Festival 2020 and enabled the small cast to share their passion and skills for the language of Shakespeare. The 30-minute performance formed part of the student's examination and did not disappoint. They had been working with each other, since September in their bubble, and explored many ways to deliver script with restrictions and constraints. Along the journey students were isolated and others took on different roles and only managed to get into the performance space once prior to the main event, however with the attitude of 'The show must go on' it certainly did.

As a school we do our very best to maintain the importance of creativity and expression through the arts and this is just one example of how, we are able to come together in a world pandemic and still provide our students with amazing opportunities.

The cast of 'Hamlet' were fantastic and hopefully in the future we will be able to welcome the wider community back in through our theatre doors to share performances together.

## Park Hall Academy Students Remembers

Not out usual way of **Re-remembering**, but students at Park Hall Academy, have shown that they remember through a wonderful display throughout the school.

In English, students have been looking at Poetry, with a focus on War Poems, as a way to understand different perspectives during different wars. Students then created creative pieces of work in reflection.

Some fantastic work from all students.

**E**ach week, we will recognise our students for the fantastic work that they have done. Take a look through our very own 'Wall of Fame'...
