Dear Parents/Carers,

West Midlands Police – Operation Sceptre

West Midlands Police have asked us to communicate to all parents regarding the national Operation Sceptre. The aim of this operation is to reduce knife crime nationally, supporting the work West Midlands Police already carry out all year round. To support this initiative, all Solihull schools will have a visit from the police over the next few weeks, who will be on site with educational materials and a knife arch for students to pass through to really raise the awareness of the dangers of knife crime, especially in young people.

We will also be explaining to students in assemblies and during tutor time what the operation's aims are, so they have a clear understanding and can have any questions answered.

Yours Faithfully
