

Homework Procedures and Timetable for Summer Term 2009

Following comments from parents and discussions with staff and governors the homework timetable has been reviewed for the Summer Term. During this term, further consultation will take place in preparation for the new academic year.

In the meantime, homework is to be set according to the timetable; subject teachers are responsible for ensuring that students record the work set, that they complete the work and that parents are informed where a child fails to complete homework; form tutors are responsible for ensuring that students have a copy of the timetable in their planners, that planners are checked and signed weekly and that parents are informed where a child fails to use their planner appropriately.

Year 7 – approximately 20 minutes per subject.
