

**Park Hall
Academy**

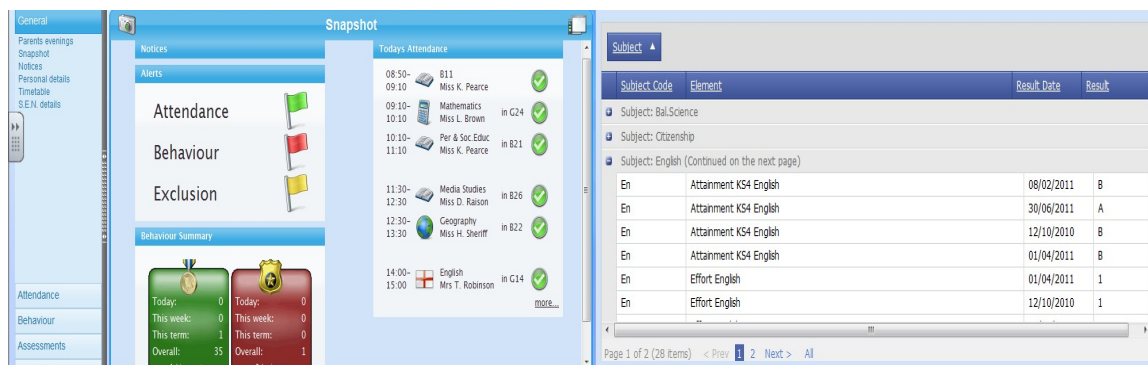

Dear Parent/Carer,

The INSIGHT launch is coming soon: please make sure you've given us your email address so that your family doesn't miss out!

INSIGHT is an online system that allows you to track your children's progress as well as their attendance and their behaviour, from the comfort of your own home. Park Hall Academy is proud of its students and all their achievements and we want you to be as informed as possible about how well they are doing. We believe INSIGHT is a huge leap forward; already our parent pilot group have been really impressed by it.

In order for a username and password to be generated for your family to access INSIGHT we require a valid email address. Many of you have already given us this information however; there are many families who have not. We would greatly appreciate the return of the reply slip below stating an email address that you would like us to use.

The new INSIGHT online system is an exciting step forward in our drive to improve communications between Park Hall Academy and our many parents and carers, below is a small example of what INSIGHT can show you.

Kind Regards,

KMurrell
