Wednesday 19th July – Sports Day

Thursday 20th July – Futures Day

Friday 21st July – World Culture Day

Friday 21st July – Term Ends for Students

Dream Team

The following students are in the Top 11 'The Dream Team' in their Year group for their P.R.I.D.E. Points. For this, they are being rewarded for their hard work, and are invited to go to Drayton Manor on Thursday 13th July.

Year 7:

1. Harry Watson
2. Ceejay Bridges
3. Humza Shahbaz
4. Harrison Brown
5. Tommy Wellings
6. Megan Dalton
7. Kian Partlett
8. Ava Butler
9. Riley Clark
10. Joshua Mowatt
11. Lux Vanes

Year 8:

1. Teagan Reeves
2. Sara Khalfi
3. Shayleigh Degville
4. Leah Williamson
5. Shekinah Harris
6. Mason Weaver
7. Roozy Hasanzada
8. Lewis Carpenter
9. Bethany Harper Peachey
10. Sophie Stoner
11. Lily Neish

Year 9:

1. Holly Taylor
2. Ruby Spink
3. Jack Hyland
4. Cerys Davies
5. Grace Spink
6. Eva Partlett
7. Tarra Matthews
8. Lexi Neish
9. Dylan Dalton
10. Tay Edwards-Jackson
11. Jaye Osborne

Year 10:

1. Michael Stoner
2. Ellis Britton
3. Carris Brooke
4. James Woolley
5. Macie Lea
6. Amelie Johnson
7. Archie Tunstall
8. Harry Ward
9. Ellie Moran
10. Maimoonah Sadiq
11. Joshua Quaife

GCSE and A-LEVEL Art and Photography Exhibition

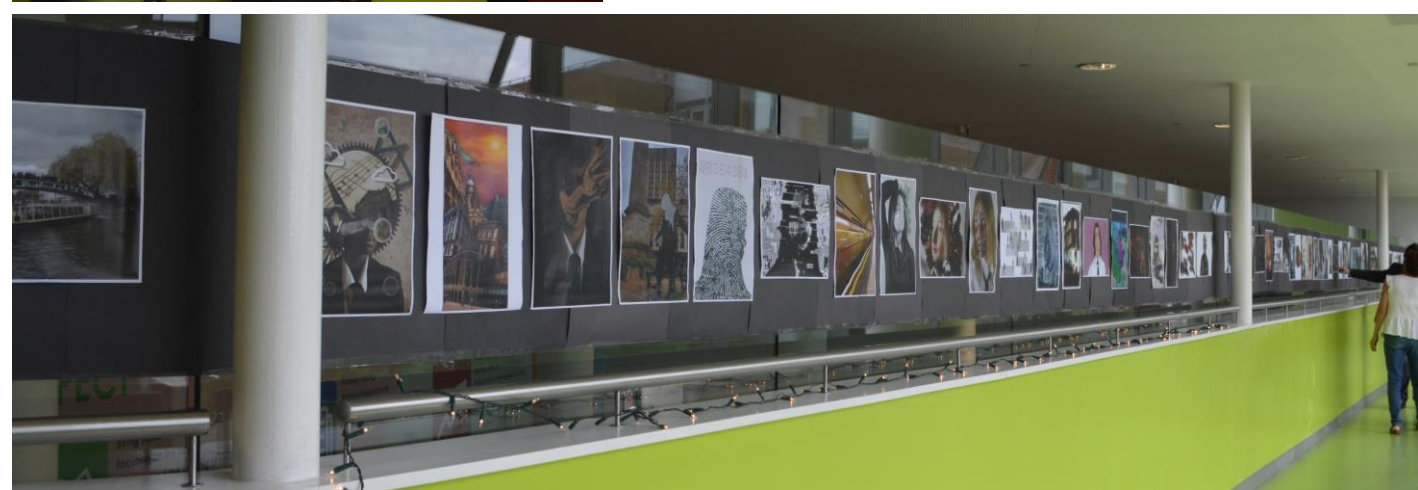

On Thursday 6th July, we had our annual GCSE and A-LEVEL Art and Photography exhibition.

The corridor was lined with the fabulous work of our Y11 and 13 Art and Photography students.

Photographs, sculptures, drawings and painting to name a few!

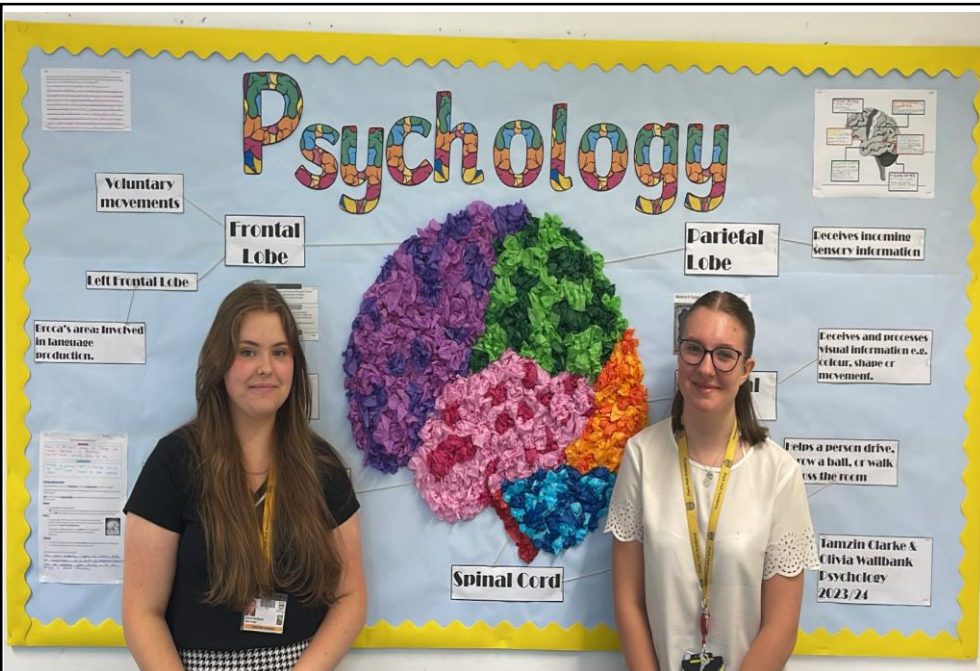

It was a wonderful evening, where students could talk through their work, their inspirations and their themes of their pieces, which included their initial ideas, right up to their final pieces.

It was a fabulous evening. We are so proud of the journey our students have been on.

STEM in ACTION!

This term in Technology, Y9 students have been busy designing, planning and making windmills as part of their STEM work. Here are some of the windmills from 9B STEM lessons. The students have worked really hard and did their best in a very short make time. Ms Scott is really proud of their work – it will be great to see them working during the testing in 2 weeks.

Thank you to A Level Psychologists, Olivia Wallbank and Tamzin Clarke who worked hard creating a classroom display about the brain and its functions. The display is informative and engaging. It will help many students learn more about the brain.

What are we studying in SE this week?

WB: Monday 3rd July 2023

WHOLE SCHOOL PSHE FOCUS

The Wider World

Year 7	Year 8	Year 9	Year 10
Why not all children from around the world can access education	Human Rights – Charity: UNICEF	Homelessness	Identity and Diversity
